Thank you for another very productive meeting yesterday and for your flexibility in dealing with the room logistics of meeting in the Auditorium. Please find attached electronic versions of the meeting minutes that were handed out yesterday. We will take action on these at our next meeting currently scheduled for November 30, 2017 at 1:00 in Room 105. Also attached please find the revised version of the Local Planning Goals presentation. There was an additional slide in the version presented over what I shared with you earlier. These will all be posted on our webpage shortly, along with a recording of our meeting yesterday for those of you who were unable to attend.

**Subject:** October 19 Phase 3 WIP Steering Committee

Steering Committee Members,

Please find attached the agenda and presentation materials for our meeting on Thursday. I am working on meeting minutes and will get those to you as soon as possible.

Note the location of our meeting is the 2<sup>nd</sup> floor Auditorium. We are going to try and reserve seating in the first rows for Steering Committee Members and have the public attendees sit behind you. Presenters will be sitting facing you. If you are choosing to participate by webinar, please do not forget to register by clicking on the link below. You will also need to call-in using the phone number and access code below. The acoustics in the Auditorium aren't going to be the best for a webinar, so if it is at all possible for you to participate in person this time I would recommend it.

Lucinda Power from the EPA Chesapeake Bay Program Office has agreed to provide an overview of all the topics now under review by the Program Partnership relative to the Midpoint Assessment. This is your chance to get your clarifying questions answered. We will be scheduling time at a future meeting to solicit further input from you on your recommendations as to how we should be responding to these topics when the Principal Staff Committee makes decisions on how to move forward on these topics in mid-December. In addition, the Local Area Goals, Priority Areas and Practices Workgroup will provide an overview on their progress to develop a process for defining local goals. They have some questions that they would like input from the committee. These are included in the agenda and in the presentation. Following the presentation, Jennifer Handke, our facilitator from Consulting With a Purpose, will help facilitate a discussion around these questions. This will be an excellent opportunity for all of you to meet Jennifer and our other facilitator Dr. Frank Dukes from the University of Virginia, who will be participating by phone.

I look forward to another very successful discussion. See all of you on Thursday. As always, if you have any questions or concerns, please do not hesitate to contact me.
